

Ticketing Changes

The way in which tickets at The Venture Theatre can be bought is changing.

For many of you there will be little visible change as you will still be able to buy tickets in advance through Ashby Tourist Information Centre.

In addition, it will be possible to book and pay for tickets online at <https://www.ticketsource.co.uk/ashbydramaticsociety>

Having booked your ticket on this website, you will be given the choice of printing the tickets yourself or having them posted to you.

All tickets will have the title and date of the performance, the seat number and a bar-code. When the ticket is presented to Front of House staff in the theatre foyer, instead of tearing off a stub, they will scan it to validate it

We hope that these changes will bring us more in line with other similar organisations and make booking tickets easier and more convenient for you, our audiences.

The new style tickets are available NOW for the next production, *The Anniversary*, which opens at the end of February. Initially the new arrangements will apply to plays only but if successful they will be extended to other events at The Venture Theatre.
